

SELECTED BIBLIOGRAPHY - 1973

Arranged in the following categories:

1. Properties of snow and ice
2. Precipitation and accumulation
3. Snowpack measurement
4. Snowmelt
5. Streamflow
6. Lake and river ice
7. Highways and buildings

1. PROPERTIES OF SNOW AND ICE

Bergen, J. D. 1971. The relation of snow transparency to density and air permeability in a natural snow cover. *J. Geophys. Res.* 76:7385-7388.

Colbeck, S. C. 1971. One dimensional water flow through snow. *C.R.R.E.L. Res. Rpt.* 296: 17 pp.

Federer, C. A., R. S. Pierce and J. W. Hornbeck. 1972. Snow management seems unlikely in the Northeast. In: "Watersheds in Transition" Proceedings of a Symposium held at Fort Collins, Colorado, June 19-22, 1972. Sponsored by the American Water Resources Association and the Colorado State University.* pp. 212-219.

Jarvinen, J. A. and W. D. Schmid. 1971. Snowmobile use and winter mortality of small mammals. In: Proceedings 1971 Snowmobile and Off the Road Vehicle Research Symposium, Michigan State Agricultural Experiment Station Technical Report 8:130-140.**

Larson, H. F. 1971. Impact (of snowmobiling) on vegetation in a northern Michigan test area. In: 1971 "Snowmobile Symp.": 8:141-145.

Martinelli, M. Jr. 1972. Take the plunge. *Ski Area Management*, Vol. 11 No. 1.

O'Neill, A.D.J. and D. M. Gray. 1972. Spatial and Temporal Variations of the Albedo of Prairie Snowpack. *International Hydrological Decade Symposia on the Role of Snow and Ice in Hydrology*. Banff, Alberta Canada, Sept. 6-13, *Bulletin of the I.A.S.U.* (in press).***

* Papers delivered at this meeting will be identified as "AWRA Symp."

** Papers delivered at this meeting will be identified as "Snowmobile Symp."

*** Papers delivered at this meeting will be identified as "Banff Symp."
