EASTERN SNOW CONFERENCE

SIXTEENTH ANNUAL MEETING, FEBRUARY 5, 6, 1959

I N D E X

	<u>Page</u>
Foreword	1
Eastern Snow Conference Committees	2
Papers Not Published in These Proceedings	3
Review of Techniques for Selection of Snow Courses in the Western States By R. T. Beaumont and Robert Davis	5
Flood Routing Process on the Connecticut River from Snow Melt By Arthur T. Simmonds	17
Some Aspects of Ice Problems Connected with Hydro-Electric Development By J. Emile Cousineau	23
Measurement of Rainfall by Radar By Dr. Pauline M. Austin	37
Field Investigations of Some Ice Cover Problems in an Experimental Canal By Leonard Cartier	45
Climatic Trends of Temperature and Precipitation in the Continental United States By Dr. Hurd C. Willett	55
Some Theoretical and Laboratory Researches on Ice Cover Problems By Ernest Pariset and Rene Hausser	77
A Comparison of Graphical and Analytical Correlation Methods as Applied to Spring Runoff Studies By George Cavadias	93
Water Supply Forecasts in Northern New England By Charles D. Hopkins, Jr.	105
Effect of Forest Cover on Snow Runoff By Gordon R. Ayer	117

SEVENTEENTH ANNUAL MEETING, FEBRUARY 4, 5, 1960

INDEX CONTINUED

	<u>Page</u>
An Analysis of Factors Contributing to Costs of Highway Snow Removal in Oswego County, New York By Robert A. Muller	129
Density of Freshly Fallen Snow By J. G. Potter	141
The Effect on Cloud Seeding Evaluation of Errors in Precipitation Measurements By Bernard A. Power	149
Relation Between Forestry and Snow Problems with Particular Reference to Northeastern United States By Dr. Maurice K. Goddard	159
Factors Leading to Variations in Monthly and Seasonal Snowfalls Over Eastern United States By Jerome Namias	167
Severe Snow Storm of March 20, 1958 By A. C. Hartranft	185
Cosmic Noise and the Atmosphere By Dr. Robert Fleischer and Raymond E. Falconer	191

FOREWORD

The Executive Committee of the Eastern Snow Conference is happy to submit this copy of Proceedings, Volume 6 for your consideration. This is in line with the objective of the Conference "To collect, disseminate, and analyze data relating to snow and ice".

The Eastern Snow Conference is an informal group of business men, engineers, foresters, and scientists, from Northeastern United States and Eastern Canada, which meets annually in some pre-selected location in New York or New England. The purpose of these annual meetings is the interchange of information related to snow, ice, frost, hail, and other phenomena associated with the winter season.

Membership in the Conference is open to all interested individuals with dues at one dollar per year. For this modest sum the member is entitled to one copy of the Proceedings together with any other data released by the Conference.

Credit for this volume of the Proceedings goes to Niagara-Mohawk Power Corporation. The efforts of the several individuals involved are deeply appreciated.

Publication Committee

EASTERN SNOW CONFERENCE COMMITTEES

1959-60

1960-61

President

Richard A. Lane
Philadelphia Electric Co.
Philadelphia, Pa.

Gordon S. Hayes
U. S. Geological Survey
Augusta, Maine

Vice-President

Ralph F. Kresge
U. S. Weather Bureau
Washington, D. C.

Lawrence R. Mahar
U. S. Weather Bureau
Windsor Locks, Conn.

Secretary

Gordon R. Ayer
U. S. Geological Survey
Albany, N. Y.

Gordon R. Ayer
U. S. Geological Survey
Albany, N. Y.

Members-at-large

Gordon S. Hayes
U. S. Geological Survey
Augusta, Maine

Leonard Cartier
Cartier & Leclerc
Montreal, Quebec

Leonard Cartier
Cartier & Leclerc
Montreal, Quebec

Harry L. Hurd
New England Power Company
Boston, Mass.

George Townsend
Corps of Engineers
Waltham, Mass.

Richard A. Lane
Philadelphia Electric Co.
Philadelphia, Pa.

PAPERS NOT PUBLISHED IN THESE PROCEEDINGS

THE ROADS ON THE ICE RAMP NEAR THULE, NORTH GREENLAND

Frederick J. Sanger, Arctic Construction & Frost Effects Laboratory,
Corps of Engineers, Waltham, Mass.

RADAR AS A HYDROLOGIC TOOL

Richard D. Tarble, U. S. Weather Bureau, Washington, D. C.

THE CONNECTICUT RIVER WATERSHED COUNCIL, INC. -ITS AIMS AND FUNCTIONS

Dr. Joseph G. Davidson, President, Connecticut River Watershed Council, Inc.
Greenfield, Mass.

NEW ENGLAND'S HEAVIEST SNOWS DURING THE WINTER OF 1958-1959

Oscar Tenenbaum, Meteorologist in Charge, United States Weather Bureau,
Boston, Mass.
